

# The HiT Family Put On Fireworks Display For Tottenham Community

The Hope in Tottenham Family proudly hosted the local community at the South Grove Allotments for this year's display of fireworks.

Though Monday evenings are not generally popular for such an event, our open invitation to the free, fifteen-minute show was attended by close to one hundred members of the HiT Family. It was not exclusive to members of The HiT Family as the fireworks could be seen from as far afield as St Anns Road, Avenue Road and North Grove.

As a token of our appreciation to guests who came out for the evening, The HiT Family invited attendees to a soup and hot drinks reception following the display.

With this event being such a success, the HiT Family looks forward to hosting friends, family and residents of our community again next year.
